

What is Canvas?

Canvas is an Online Learning Management Software Program. It is available through any web browser or as an app on your smartphone or mobile device. It streamlines classroom work to one location where teachers can post and grade assignments, and students can complete work and receive feedback from teachers. Canvas was adopted by the State of North Carolina in 2014 for all public school districts. UNCC (University of North Carolina at Charlotte), CPCC (Central Piedmont Community College), and NCVPS (North Carolina Virtual Public Schools) have also adopted the use of Canvas.

How do parents access Canvas?

Generating a Student Pairing Code

Parents access Canvas by having their children create a pairing code and using that code during the parent account creation process. creating an account and pairing one or more children during the account creation process. Students create pairing codes by logging into Canvas (through NCEdCloud) and generating a code.

Step 1: Student Generates a Pairing Code

1. Student logs into Canvas
2. Click *Account*
3. Click *Settings*
4. Click *Pair with Observer*
5. Write down pairing code

The screenshot shows the Canvas user interface. On the left is a red sidebar with navigation icons and labels: Account, Dashboard, Courses, Calendar, Inbox, Help, and cms. The main content area is titled 'settings' and shows a user profile section with 'Settings' selected. Below the profile are fields for 'Full Name' and 'Display Name'. A modal dialog titled 'Pair with Observer' is open in the foreground, containing the text: 'Share the following pairing code with an observer to allow them to connect with you. This code will expire in seven days, or after one use.' Below this text is a text input field containing the pairing code 'qAthPm', which is highlighted with a red box. An 'OK' button is at the bottom right of the dialog. In the background, the 'Pair with Observer' button is highlighted with a red circle and the number '3'.

How do parents access Canvas?

Create a Parent Account & Pair Student

Parents access Canvas by having their children create a pairing code and using that code during the parent account creation process. creating an account and pairing one or more children during the account creation process. Students create pairing codes by logging into Canvas (through NCEdCloud) and generating a code.

Step 2: Create a Parent Account & Pair Student

1. Go to <https://cms.instructure.com/login/canvas>
2. Click *Parent of a Canvas User?*
3. Complete the form
4. Enter the pairing code from Step 1
5. Click *Start Participating*

The screenshot shows the Canvas login page. At the top right, there is a link labeled "Parent of a Canvas User?" which is highlighted with a red rectangular box. Below this link is a "Browse courses" link. The main login area contains fields for "Login" and "Password", a "Log In" button, and a "Stay signed in" checkbox. At the bottom, there are links for "Forgot Password?", "Help", "Privacy policy", "Accentable Use Policy", "Facebook", and "Twitter". The word "INSTRUCTURE" is visible at the very bottom.

The screenshot shows the "Parent Signup" form. It includes fields for "Your Name", "Your Email", "Password", and "Re-enter Password". Below these is a "Student Pairing Code" field, which is highlighted with a red rectangular box and contains the text "qAthPm". To the right of this field is a link that says "What is a pairing code?". At the bottom, there is a checkbox for "You agree to the terms of use and acknowledge the privacy policy." and two buttons: "Cancel" and "Start Participating", with the latter being highlighted with a red rectangular box.

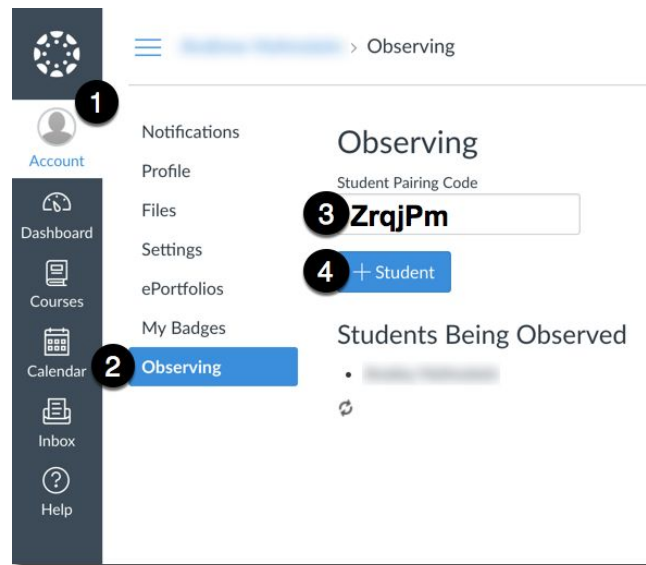

Need to pair additional children?

Parents can pair additional children by having each additional child generate a pairing code (see Step 1)
And entering the pairing code into Canvas.

Once you have the pairing code, log into Canvas (<https://cms.instructure.com/login/canvas>)

1. Click *Account*
2. Click *Observing*
3. Enter pairing code
4. Click *+Student* button

The student should now be visible under *Students Being Observed*

Canvas Parent App

Available for smartphones and mobile devices and found in the Google Play and Apple App Store.

Install the Canvas Parent App on Android Devices
(Android smart phones or tablets)

Install the Canvas Parent App on iOS Devices
(iPhone or iPad)

First Time Accessing The Parent App

Select "CREATE ACCOUNT" the first time you access the app.

Once you have created your account, you can log into the parent app from any device.

Once you have set up your Canvas Parent Account on a computer, then you can set up the app on your phone.

Note under Notifications you can set up how often you would like to be notified of your student work both on the app and on the computer.

Your student's courses

You may not see any courses if the teacher has not published their course for your student to see it.

When courses are available, you will be able to see assignment details such as due dates as well as your student's work submitted for that assignment.
