

Discovery Education Math Beyond the Classroom Spring Fling Challenge

Log In to Win: March 25 – May 3, 2024

Log in to Discovery Education to access Math Beyond the Classroom Boards. Further your mathematical understanding and be eligible to win a weekly recognition reward.

6th-8th Grade Students: Engage with the CMS Math Beyond the Classroom Boards each week to further support learning. 50 students with engagement will be chosen in weekly drawings to receive a SWEET reward!

6th-8th Grade Math Teachers: Invite your students to engage at home with the CMS Math Beyond the Classroom Boards. At the end of the challenge, 5 educators with the most student engagement will be chosen to win a SWEET reward!

Discovery Education at Home

Discovery Education has student choice boards for reviewing math units at each middle school grade level. CMS Math Beyond the Classroom provides parents and students access to timely content as extra practice to support math instruction beyond the school day.

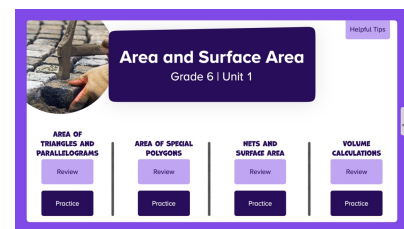

Access Discovery Education's Unit Choice Boards to hear teachers demonstrate math concepts on a whiteboard.

Watch a video to reveal real-world connections to what your student is learning.

Practice problem sets while receiving helpful hints and immediate feedback!

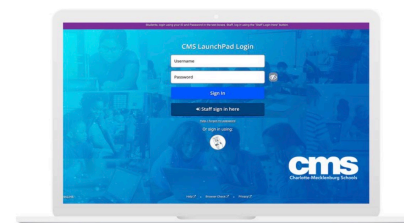

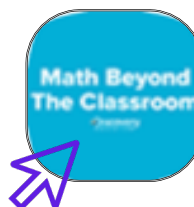

Scan the QR Code to check out the Unit Boards on the CMS Math Beyond the Classroom website!

Accessing Discovery Education

To access Discovery Education, log in to CMS LaunchPad through single sign-on and click on the **Math Beyond the Classroom Icon**

CMS LaunchPad can be accessed from either a computer or mobile device.
