

School Leadership Team Meeting: October 24, 2018

Wednesday, October 24, 2018 at 2:30pm in the Media Center

Recording Secretary: Lauren Schultz

Attendance: L. Schultz, J. Sutton, G. Wasserman, M. McLean, T. Babulski, K. Hoyt, D. Masters, R. Frierson, T. Woods, B. Williamson, L. Yarborough, V. Singleton, C. Bourne-Hayes, T. Hunter-McKoy, A. Church, T. Struve, M. Moore, R. Paterson, Q. Simmons, M. Stallsworth, C. Hall, J. Jenkins

- **Overview of Meeting Purpose:**
 - This is a combined meeting of our SLT, PBIS and EOS teams. The goal is to make sure that all of these groups are working together towards fulfillment of our SIP goals.
- **PBIS & EOS Overview:**
 - Kristen Hoyt went over the general purpose of PBIS and EOS and how those work together to support the goals of our SIP. PBIS will focus on behavior and EOS will focus on academics.
 - Main goal of EOS is to gain a more representative group in higher level classes. For SLT, EOS will also look at academics in general in addition to enrollment in higher level classes. We will see more updated information regarding EOS over the next 4 weeks as the surveys are processed. EOS will provide us with a student information sheet for each student that took the survey that will show an indication of a growth mindset and we will be able to see in their own words what kids want their teachers to know about them; this will provide us with great information regarding what student learning needs are.
 - PBIS had a great roll-out at the beginning of the year but has fallen off track.
- **Committee Break-Out:**
 - Melissa Moore and Randolph Frierson head the PBIS Committee; Kristen Hoyt and Lauren Schultz head the EOS Committee.
 - Members were given the opportunity to select their choice committee: PBIS & EOS.
 - The tasks for each committee are:
 - Goals of the committee
 - Review and interpret data
 - Set meeting days and time
 - Select representative to present at SLT
 - EOS Share-Out: Lauren Schultz shared out about data between the relationship between student failures, attendance, literacy, discipline. 86% of freshmen are failing one or more class. We would like to see more specific data related to the relationship between these cross sections of data to figure out how we can address it in a more targeted way.
 - PBIS Share-Out: Melissa Moore shared about the goals of what PBIS is meant to accomplish. They would like to be PBIS model school by creating a good culture in the school, which would work towards our goals; if students want to be in the school, we will see more academic progress. We need more buy-in and training for staff, which is our school's largest obstacle.
- **SLT PD Committee:** Chair - Schultz; Members- Bourne-Hayes, Singleton & Moore
- Minutes were approved from previous meeting.
- Meeting ended at 3:30pm.
