We recommend that you communicate with your child's teachers and/ or counselor when selecting courses for the 2018-2019 school year. Consider courses that will provide your child a **challenging and successful** educational experience. Students who score below the 50th percentile on EOC tests and NC Final Exams may be subject to administrative schedule changes for academic reasons.

Parent Initials	Statement
	I am aware that my student's previous grades will be used to determine final placement in courses
	I have read the Advanced Placement (AP) Courses Expectations and feel my student is prepared for any AP courses selected.
	We have carefully considered the above course selections and understand that all of the (AP & A/B) courses we have chosen require a year's commitment.
	We understand that dropping a course after the first 10 days of the school year will result in a grade of "F" for the year in the course dropped.

We will only make changes to schedules for errors on the part of the school or if the student needs the class for graduation during the 2018-2019 school year.
