

Bailey Middle School

Online Learning Plan

As we embark into uncharted territory, I ask that students and parents be patient and understand that there may be glitches and changes to our online learning plan as we move forward. For now, students will follow the steps listed below to access their menu of learning opportunities from each of the core content and elective areas. These activities will be a review of prior skills to ensure that students have the opportunity to build on their learning during this time of uncertainty.

1. Assignments are shown by week in our student's Bronco Block Google Classroom site.
*Please note that this is what students use on Management Mondays every week and do not need to rejoin. If they have never joined, the codes are listed below.
 - Google Classroom code for Bronco Block 6th – **omecd2j**
 - Google Classroom code for Bronco Block 7th – **dygpzuq**
 - Google Classroom code for Bronco Block 8th – **me4ztik**
2. Students should follow the directions given in each of their content areas for accessing learning opportunities. Most of these are completed in their existing Google Classroom account for each class, which they have already been using.
3. To access Elective Classroom learning opportunities, please visit the specific teacher's website. All Elective classes will also have weekly learning opportunities posted.
*Some activities will be completed in Canvas, which is accessible from every student's MyNCEdCloud /Rapid Identity Account - "Student Power School Account"
4. These are all optional learning extensions so students can work at their own pace and at select times that work best for your family.
5. Please feel free to reach out to teachers directly if your student has questions or if you need assistance accessing any of these activities.

If you are using a Chromebook from Bailey at home, please follow the direction below for your student to login

- **Log into the Chromebook like you do at school:**
 - **username:** studentID@student.cms.k12.nc.us
 - **password:** your CHROME password
- **Once you enter the first website, you will encounter the filtering process. Type in your:**
 - **username:** studentID@cms.k12.nc.us
 - **(NOTICE: does not contain student after @ symbol)**
- **Last screen of credentials type in your:**
 - **username:** studentID@cms.k12.n.c.us
 - **(Notice: does not contain student after @ symbol)**
 - **password:** YYYYMMDD (8 digit birthdate)

You are now ready to use your Chromebook
