

## **YOUR BAIN PTA IS LOOKING FOR A FEW GOOD PARENTS**

Room Parents are not only making a difference in creating happy classrooms for the students and teachers, room parents are in a unique position to know who the willing and able parents are when it comes to needed help for PTA fundraisers and events. Parents who step up to help you, who are there during class celebrations, and who always seem to be around are just the ones we, your PTA, are looking for. Oftentimes, it only takes a personal invitation for folks to get involved. We would make that personal invitation happen with a recommendation from you. In fact, there are many advantages to getting involved. Some of those perks are getting to know other parents while donating time to the school, greater awareness of what is happening at your child's school, getting to know the teachers better, and just realizing that donating a little time makes a big difference to Bain Elementary School. We want to get to know those people you see in the classroom. Contact one of the following PTA Executive Board Members and let us know who your creative, hard-working parents are. There will be no pressure, just a warm, welcoming invitation. That is what most of us are looking for, isn't it!
