

Student login Walkthrough

Sign in to your Chromebook

Enter your email

[More options](#)

NEXT

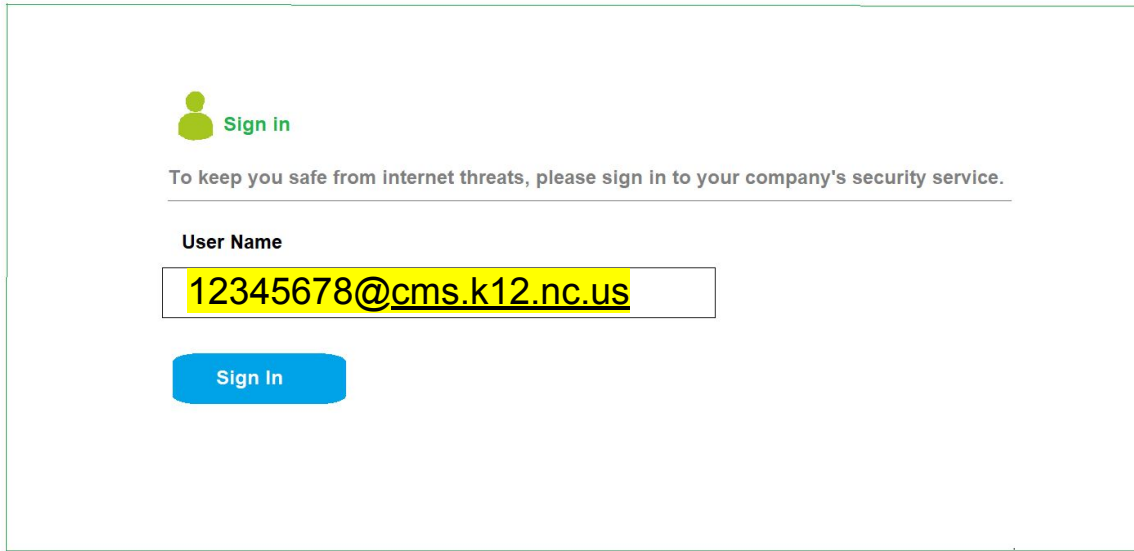

Students should log in to their Chromebook using their student email and Google password.

For example if your Student's ID is 12345678 their email is;

12345678@student.cms.k12.nc.us

****If your student does not know their Google password, please contact your student's school/Teacher to have it reset. ****

The image shows a sign-in interface. At the top left, there is a green person icon followed by the text "Sign in". Below this, a message reads: "To keep you safe from internet threats, please sign in to your company's security service." Underneath the message is a label "User Name" and a text input field containing the email address "12345678@cms.k12.nc.us". Below the input field is a blue button with the text "Sign In".

1. Open a Chrome window and try to navigate to Google Classroom by typing classroom.google.com in the web address bar. This will make a sign in box appear

2. Student's should log in using their student email without the word (student) For example if your student's ID number is 12345678 their username will be 12345678@cms.k12.nc.us

If you have followed the previous steps correctly and you are still experiencing issues logging your student in, please contact the Help Desk to reset the Active Directory password for the student.
