Writer’s Workshop
In writing, the students will explore nonfiction by writing nonfiction about themselves, the class, a place in the school, their writing partners, and favorite objects. They will also write opening and closing sentences and continue to tell more in their writing.

Mathematics
In March we are focusing on adding and subtracting based on place value. This includes adding and subtracting two digit numbers to single digit numbers along with adding and subtracting two digit numbers to multiples of ten.
Example 28 + 6 = ___  28 – 6 = ___
32 + 20 = ___  32 – 20 = ___

Making Meaning
Reading
The students will ask and answer questions about important information in a text. They will also retell stories, including key details, and demonstrate understanding of their central message or lesson using fictional text.

Upcoming Events
March 1st/ Progress reports go home
March 9th/ Mother/Son Dance
March 13th/ SLT
March 29th/ Make-up Snow Day
March 30- April 8th/ Spring Break

Phonics
The students continue to work on blending and segmenting sounds to increase reading fluency. This is accomplished by using sound spelling cards, sorts and nonsense word fluency.
