First Grade

May News

Writer’s Workshop
Students will be writing poems and exploring figurative language.

Mathematics
The students will learn how to separate shapes into equal shares. They will identify basic fractions as halves, fourths, and quarters. We will also be revisiting addition and subtraction story problems within 10.

Making Meaning
Reading
Students will retell stories including key details and demonstrate understanding of their central message or lesson also, explain major differences between books that tell stories and books that give information.

Upcoming Events
5/10 Spring Musical
5/11 Muffins with Moms
5/28 - No School/ Memorial Day

Phonics
Students will continue to blend and decode words in reading, and practice nonsense words.
