- **Jr. Dream Team**
 - MCHS considers this new program, which is affiliated with Dream on Three!, a volunteer organization that sponsors disabled children who love sports. Dream on Three! creates a unique experience for a sponsored child by taking him/her to the sporting event of his/her dreams, complete with all manner of lavish upgrades and fanfare
 - Jr. Dream Team would collaborate with a club at MCHS, most likely Project Unify, and create a smaller-scale version of a Dream on Three! event
 - SLT votes to approve Jr. Dream Team

- **Hallway Security & Lunch Transitions**
 - MCHS currently short-staffed on security and must make changes to security policies in order to minimize skipping and out of area students
 - This item will be revisited in the fall as we prepare for the 2018-2019 school year

- Students are due back in class from lunch at the time of administration hall sweep
 - This may seem inconsistent to some teachers who see their students back in class earlier than expected; however, this is only because these classrooms are closest to the cafeteria; thus, students return to them more quickly than classrooms located further from the cafeteria

- **Trailer Safety**
 - For safety purposes, admin will request maintenance service for the walkways in the outdoor trailer area. These walkways become slippery in rainy weather and should be updated with non-slip strips

- **Next Meeting - See you next fall!**
