

Mallard Creek High School has a tradition of excellence dating back to 2007.

Staff, parents, and students have worked together through the years to create one of the best high schools in Charlotte and to increase our status and standing in the state of North Carolina. The Invest In Excellence campaign is one of the PTSA's fundraisers that will fund a portion of your child's high school experience.

Invest fund donations to the PTSA are used for PTSA Programming at Mallard Creek High School:
