Re: Possible late reporting on English II EOC Assessments

Dear Rocky River High School Families,

The North Carolina Department of Instruction has informed Charlotte-Mecklenburg Schools that results on the English II End of Course Exam may come back to our school later than anticipated for report card distribution.

We are prepared to receive the English II EOC assessment results, report student grades in PowerSchool and generate report cards.

Until there is a grade entry for each student for each course, we are unable to finalize grades school-wide. To assist us in managing our gradebooks, students and families should expect to receive a temporary "incomplete" until the State returns the English EOC results. If you have any questions, please contact Ms. Gunn/Ms. Cummings.

Thank you for supporting us throughout this year, and have a wonderful summer!

Sincerely,

Principal
