What is the PTA?

It is a Parent Teacher Association that collaborates its efforts in financially supporting the school, staff, and most importantly our scholars.

What is the SGE PTA's Vision?

It is the SGE PTA's vision to support our SGE community by engaging and empowering families to advocate for all our scholars.

SGE PTA GOALS

The SGE PTA's mission is to support our SGE community by engaging and empowering families to advocate for all of our scholars. We do this in two ways: 1) volunteer hours, and 2) financial contributions. Both pieces are equally important to the school's success, so if your family is able to give, know that your support is enormously impactful.

Invest in Your Schools Update:

Invest In Your School is Shamrock Gardens Elementary PTA's direct donation fundraiser.

While many public schools have faced major cutbacks and downsizing of critical programs and services, SGE has been able to keep fundamental and value-added programs that are part of the school culture. This is largely thanks to generous contributions made by SGE families and community friends. One of the main programs that allows families to make a DIRECT CONTRIBUTION to Shamrock Gardens Elementary through either volunteer hours or monetary donations.

How Can I Donate?
