

***University Park Theme Song  
- Lyrics and music by Barry Sherman***

*We are University Park; a school of the arts  
And that means we're really bright and we're really  
creative  
And the way we got so smart is that we integrate the  
arts  
Because arts plus academics is our trademark!*

*We can really read and really write and do math  
'cause we're so bright  
And we know a lot about science and social studies  
And we can really sing and really dance  
And we can paint and we can act  
Because arts plus academics is our trademark.*

*Arts plus academics equals success.  
We are artists and scholars both, we must confess.  
Yea, the way we got so smart is that we integrate the  
arts  
Because arts plus academics is our trademark!*
