

Villa Heights Elementary is looking for volunteers for our North Star Reading Program. The North Star Reading Program pairs adults from the community with second grade students who would benefit from building positive relationships through reading. For only 1 hour a week you can help a student to develop a positive mindset and become a more confident reader! All materials for the program are provided by the school and are easy to use. Be a North Star Reading Volunteer and help our students to grow as readers! Please go to our school website first to register as a volunteer. All approved volunteers will be able to support our reading efforts. If interested, please contact Brenna Goodwin at brennam.oconnor@cms.k12.nc.us or call the school at 980-343-3666.
