We are providing an opportunity for our parents and guardians to virtually meet with their child's team of core grade level teachers for an online conference. These optional conferences allow for discussion of the student's progress in Math, Language Arts, Science, and Social Studies throughout this past school year.

Conferences will be held on June 2nd & June 3rd from 8:30am - 4:00pm and require parents and guardians to select a 15 minute time slot using the sign-up genius link below. The conferences will utilize the Zoom online platform, which you should find very user-friendly. You will find additional directions on how to use Zoom when you go to sign-up genius to select a conference time that fits your schedule. If you have any additional questions, please reach out to your child's grade level counselor.
