SIT Ideas to consider for increased Parent Engagement & Survey

- Principal Chat and Chew (informal)
- Move SIT to evening hours (proposed if still remote 4:30-5, will check with parents about best times)
- Leverage teacher/parent relationships (each teacher reaches out to 1 parent, gets permission, [submits name](#). For next year- SIT meetings will stay virtual.

SIT member phase out process & Survey

- Goal is to get to our max number allowed of 7 staff members and 7 parents (2 already and 5 new) with our principal being the 15th member.
- Phasing out those operating on SIT for 3 or more years until we reach the desired number. If still too high, those operating on SIT for 2 or more years will be phased out.

Action Planning Template

- Student failures are up from Q2 to Q3
- Action Areas: MTSS interventions, Chronic Absenteeism, Alignment among PLC
- Discussion: Trends among Q2 data, Streamline attendance calls process, ensure HR teachers go back and look through attendance, Establish and implement Tier 2 and 3 Interventions and Process.
- [Teaching Mindsets for Remote Learning](#): Focus of Simplicity and Joy
